Rules under Section 4, Act III (B.C.) of 1879, entitled an Act to provide for the Periodical Inspection of Steam-boilers and Prime-movers attached thereto in the Town and Suburbs of Calcutta, and in Howrah, and since extended to all places in the districts of Hooghly, Howrah and the 24-Parganas, within a radius of 30 miles from Calcutta, to the Subdivisions of Raniganj, Giridih, and Gobindpur, to the District of the Sonthal Parganas, and to the Municipalities of Burdwan and Bhagalpur.

II.—A Boiler Commission shall be appointed, to consist of the Commissioner of Police, or the Deputy Commissioner of Police, or both, and not less than three other Commissioners to be appointed by Government from time to time; and it shall meet periodically (at least once a month) to arrange for the transaction of business. One of the Commissioners shall be appointed President, and the Secretary shall be Vice-President and *ex-officio* a member of the Commission.

(2) To revoke or suspend any certificates under section 8.

(3) To hear any appeals preferred by owners of boilers under section 9.

(4) To keep a record of their proceedings in such form as may seem advisable, and submit a copy of the same to the Chief Secretary to Government.

(5) To submit an annual budget to Government, showing the estimates, receipts, and disbursements of the Commission for the ensuing year.

(6) To submit an annual report* reviewing the work done by the Boiler establishment during the financial year.

(7) To prescribe the registers and accounts which are to be kept up by the Secretary and office.

(10) To compare the statement of collections with the cash-book, and the cash-book with the bank-book.

(11) To pass such orders as they may think fit for realising or otherwise disposing of the outstandings.

IV.—The Commissioners shall from time to time prepare and submit, for the sanction of Government, a schedule of the establishment and salaries they consider necessary for the purposes of this Act.

V.—After sanction of such schedule, the Commissioners shall have the power to appoint the Inspectors and clerks, &c., and they shall also have power to suspend or remove such officers.

V(a).—The Commissioners, other than the Vice-President and Secretary, shall receive a fee of Rs. 20 each for attending each general meeting of the Commission, the charge being debited to the "Steam-boiler Fund."

VI.—The Vice-President and Secretary shall be the head of the branch of the office of the Commissioner of Police which is set apart for the work of the Boiler Commission, and shall be responsible to the Commissioner of Police, or, if this officer is not a member of the Commission, to the Deputy Commissioner of Police for the good order and management of the office. He shall see that all notices are duly served, and that all fees are duly brought to account and paid into the Bank. He shall himself verify the balance at credit, shown in the accounts of the Commissioners' office, with the balance in the Bank. He shall refer all matters of importance for the orders of the President.

VII.—Notices under section 6, requiring owners or persons in charge of boilers to make alterations or additions, shall only be given by the Inspectors in writing, and when any such notice is given, the recommendation shall also be recorded in the diary. When an appeal is heard by the Commission, notice shall be given to the appellant, and any representation that may be made by him will be heard in the presence of the Inspector. The Inspector will also be heard, and local inspection made, if necessary. The decision of the Commission will be given in writing, and such decision shall be final.

VIII.—When an inspection under the Act is completed, the Inspector making it shall prepare a declaration in the form No. 2 appended hereto, in column 8 of which the limit of the working pressure, in pounds per square inch, shall be clearly noted. The declaration shall then be sent to the owner.

IX.—The owner, manager or agent to whom a declaration is given under the last foregoing section shall, within fourteen days after the date of the receipt thereof, send the declaration, together with the amount of the fee mentioned at foot thereof, to the office of the Commissioner of Police.

Provided that, if the boiler is worked under a declaration for any period less than 30 days, the owner, manager, and agent shall nevertheless be liable to pay the same fee as if he had taken out a certificate.

XII.—For every certificate of inspection granted under this Act, the owner, manager or agent of the steam-boiler inspected shall pay to the Commissioner of Police, or, when he is not a member of the Commission, to the Deputy Commissioner of Police, a fee calculated on the horse-power of the steam-boiler according to the scale laid down in rule XVII, and such additional fee in respect of the expense (if any) of the journey of the Inspector to the place where the boiler is situated, as is prescribed in rule XVIII.

XIII.—A certificate granted under this Act shall not be in force—

(1) after the expiration of one year from the date thereof, or

(2) after the expiration of the period, if less than one year, for which the boiler and machinery have been stated in the certificate to be sufficient, or

(3) after notice has been given by the Commissioners to the owner, manager or agent of the steam-boiler to which the certificate relates that they have cancelled or suspended it.

XIV.—There shall be two kinds of inspection of boilers—

(a) A thorough examination once every twelve months, inside and outside, to be made by one of the Inspectors in person, for which purpose the boilers must be empty, cool, and clean, and flues swept; and, if required by the Inspector, any parts or settings must be removed for a complete examination of the boiler in every part.

(b) An ordinary inspection made at any time when an Inspector has reason to believe that the boiler is being improperly worked, or that the person in charge is not competent.

XV.—The Inspector shall give one week's notice of every such intended thorough examination; and if after that notice the boilers are not

empty, cool, clean, and ready for inspection on the date named, the Inspector shall prohibit the boilers from working, and shall report the case to the Commissioners. Further, if any request be made to remove fittings or settings, and such be not complied with, the Inspector shall in like manner stop the working of the boilers.

(a) Provided that the inspection of boilers in the Raniganj, Giridih, and Gobindpur subdivisions, in the district of the Sonthal Parganas, and in the Municipalities of Burdwan and Bhagalpur, shall be made during the months of November to May inclusive, and the Inspector shall give 14 days' notice of the day when he will make such inspection.

(b) If any boiler needs inspection in the Raniganj, Giridih, or Gobindpur subdivision, in the district of the Sonthal Parganas, or in the Municipalities of Burdwan and Bhagalpur, during the months of June to October inclusive, either as being a new boiler requiring a certificate, or as being a boiler which the owner, for any other reason wishes to have inspected, it may, on the application of the owner, manager or agent, be inspected during that period.

XVI.—The Vice-President and Secretary shall submit to the Commissioners at each meeting the Inspectors' reports on the boilers inspected, in the form of a diary which shall be recorded in the office.

No. 4566-P.

The 20th September 1895.

RESOLUTION—By the Government of India, Finance and Commerce Department.

Read—

Despatch to the Secretary of State for India, No. 169, dated 6th June 1893.

Despatch from the Secretary of State for India, No. 188 (Financial), dated 21st September 1893.

RESOLUTION.—The Governor-General in Council is pleased to announce that Her Majesty's Secretary of State has sanctioned the extension of the scale of pensions laid down in Article 712 of the Civil Service Regulations to officers appointed from England to the Geological Survey Department.

2. The provisions of that Article are accordingly extended to the officers in question; but inasmuch as the existing rules (Articles 518 to 520 of the Civil Service Regulations) now applicable to officers of the Geological Survey Department are in certain contingencies more advantageous than the scale laid down in Article 712 of the Regulations, His Excellency in Council is pleased to allow every officer of the Department appointed from England, now in the service, the option of choosing between the two scales of pension, and to direct that the new scale shall not be extended to any officer who prefers to remain under the existing rules of his service.

3. All officers appointed from England to the Geological Survey Department in India, who are now in the service, are accordingly required to state, within a period of six months from the date of this Resolution, whether they prefer to remain under the existing rules which govern their pension, or elect the scale in Article 712 of the Civil Service Regulations. In the event of an officer electing to remain under the existing rules, the privilege of retiring under those rules will be reserved for him so far as he is concerned, and the new scale will not apply to him. In all other cases the old scale of pensions will cease to apply.

4. The decision arrived at by each officer in India as to the scale of pensions he prefers to abide by should be communicated by the Director to the Government of India in the Revenue and Agricultural Department.

5. Article 503 of the Civil Service Regulations will apply to members of the Geological Survey whichever scale of pension may be elected; and should any change hereafter be made in respect of their superannuation, no difference will be made between officers on the different scales of pension.

ORDER.—Ordered, that copy of this Resolution be forwarded to the Revenue and Agricultural Department for information; and that it be published in the *Gazette of India*.

* Powers conferred on the Boards by section 62 of the Act—

(1) The construction and repair of buildings;
(2) the appointment of all masters and assistant masters; and
(3) the payment of the salaries of such masters and assistant masters.

19. The promoters or managers of any institution by whom application for a grant is made shall appoint a Secretary to conduct their correspondence with the Board.

20. The Board shall not make a grant to any school, other than training schools, night-schools for adults, technical schools, and schools for aborigines and low castes, that does not require a monthly fee, however small, from all its scholars, except such as may be exempted in accordance with a scale to be approved by the Director of Public Instruction. Provided that this rule shall not apply to such scholarship-holders as receive free tuition in accordance with the rules prescribed by Government.

21. Grants-in-aid shall be given on the principle of strict religious neutrality, and no preference shall be shown to any school on the ground that any particular religious doctrines are taught or not taught therein.

22. Should the Inspector discover that the instruction or discipline in any school aided by the Board is not efficient, or that the accounts are not properly kept, or that any of the conditions on which the grant was made are not observed, or should he be in any other way dissatisfied with the management of the school, he shall report the matter to the Board, which shall then take such action as may be necessary.

23. Should the Board on such reference omit to take the necessary action, the Inspector may move the Commissioner to take action under section 125 of the Act. If the Commissioner declines to take action, the Inspector may refer the matter for the orders of Government through the Director of Public Instruction.

24. The managers of schools receiving grants-in-aid from the Board shall be responsible for the due expenditure of the school funds in accordance with the conditions of the grant.

25. The Board shall interfere as little as possible with the local management of a school receiving a grant-in-aid. If the conditions of the grant are not fulfilled, the grant may be reduced or withdrawn by the Board.

26. The Board shall notify to the Inspector all grants suspended or withdrawn, or renewed without alteration, or reduced, or increased, and all schools opened or closed. It shall be competent to the Inspector to make recommendations in such matters to the Board, and the Board shall take such recommendations into consideration.

27. Grants shall in no case exceed in amount the sums to be expended from private sources, except in special cases under special orders of Government.

Monthly Grants.

28. For middle schools, in which the expenditure is more than Rs. 40 a month, the grants shall not exceed two-thirds of the income guaranteed from private sources, except in the places mentioned below, in which the grants may equal the income guaranteed from private sources :—

<i>Divisions.</i>	<i>Sub-division.</i>
Patna. Bhagalpur. Chittagong. Orissa.	The island of Dakshin Shabazpore in Backergunge.
	<i>Thanas.</i>
<i>Districts.</i>	Khatra Raipore Simlupal
Birbhum. Mymensingh. Bogra. Dinajpur. Kangpur. Jalpaiguri.	... } In Bankura. ... } ... }

29. For middle schools in which the expenditure does not exceed Rs. 40 a month, as well as for primary schools, training schools, night schools for adults, technical schools, and schools for aborigines and low castes, the grants may equal the amount guaranteed from private sources.

30. For the purposes of rules 28 and 29, municipal contributions shall be reckoned as receipts from public sources.

31. In respect of any school for which application for a grant is made, full information shall be supplied on the following points, and shall be thrown into the shape given in form A appended to these rules :—

- (a) The pecuniary resources, permanent and temporary, on which the school will depend for support.
- (b) The proposed monthly expenditure in detail.
- (c) The average number of pupils to be instructed.
- (d) The persons who are to form the Committee of Management.
- (e) The class of school and course of instruction; the selection to be made from classes and standards recognized by the Department.

- (f) The number and salaries of the teachers in detail.
- (g) The fees to be charged in each class.
- (h) The amount of aid sought.
- (i) The existence of other schools of all classes within a distance of four miles.

32. In disposing of an application for a grant-in-aid, the Board shall consider whether the school supplies a want in the locality; whether the teaching staff is competent and adequate; how far its resources, inclusive of fees, are adequate to meet its necessary expenditure; whether the fees charged are reasonable; and whether the funds at the disposal of the Board are sufficient to meet the application.

33. The Board may, for reasonable cause to be duly recorded, either sanction the grant in whole or in part, or refuse it altogether. The Board shall send a copy of its order to the Inspector, and another to the applicant.

34. The sanction to a grant shall be conveyed in Form B, appended to these rules, and on the conditions therein stated.

35. When a grant is sanctioned, the managers shall forward to the Board an agreement on stamped paper to the effect that they will conduct the school in accordance with the conditions of the grant.

36. Grants shall ordinarily be sanctioned for a period of three years, but the Board may, at any time during its currency, for reasons specified in writing, revise a grant. Against such a revision the same procedure shall be observed as is laid down in rule 18.

37. A grant shall ordinarily be reduced on renewal, when this can be done without serious loss of efficiency. Notice of any proposed reduction shall in all cases be given to the managers, who shall be allowed an opportunity of stating any objection that they may have to the reduction. Against any reduction that the Board may make, the same procedure shall be observed as is laid down in rule 18.

38. Leave to teachers of aided schools shall be granted by the managers in accordance with the rules of the Department. Notice of any leave given by the managers to the teachers shall be forwarded to the Board with the next grant-in-aid bill; and the Board may make any objection to the leave. In any such case, the decision of the Inspector shall be final. A monthly statement of the leave granted to aided school teachers drawing Rs. 20 a month and upwards should be forwarded to the Inspector by the Board.

39. The managers of a school shall fix the list of holidays to be observed in the school, subject ordinarily to the limitation of 60 days, exclusive of Sundays. They shall submit the list to the Board not later than the 1st of December next preceding the year for which the list is intended. The Board shall forward copies of the lists of holidays for all schools in the district to the Deputy Inspector on or before the 1st January.

Special Grants.

40. Grants may be given to managers of schools in aid—

- (a) of erecting, enlarging, or furnishing school buildings;
- (b) of executing extensive repairs; and
- (c) in special cases, of paying off debts incurred in erecting or enlarging school buildings.

[NOTE.—Expenditure in the purchase of buildings shall be treated as expenditure in the erection of buildings.]

Note (a) Grants will ordinarily be given only for projects to create new means of education, or to extend existing means.

Note (b) The sum of Rs. 10,000 is fixed as ordinarily the maximum grant for any one undertaking or project.

41. Except in the case provided in the foregoing rule, no grant shall be made in consideration of former expenditure on school buildings.

42. No building grant shall be sanctioned unless the site, plans, estimates, specifications, title and trust-deeds are approved by the Inspector.

43. The trust-deed shall declare the building to be granted in trust for school purposes only. It shall also provide for the legal ownership of the premises, for the proper maintenance of the building, and for the inspection and management of the school.

[NOTE.—This rule does not preclude the managers from using the building for other purposes when not required for the purposes of the school.]

44. No grant shall be finally sanctioned until a certificate is received from the managers, setting forth that the funds in their hands will, when added to the grant, be sufficient to meet all claims and to close the account.

45. Advances shall be made from time to time out of the sanctioned grant, on receipt of a report from the Board's Engineer that the work is proceeding satisfactorily.

46. The grant shall not be paid in full until—

- (1) a report is received from the Board's Engineer that the building is satisfactorily completed;
- (2) the trust-deed is duly registered and a copy lodged with the Board.

47. If the total amount of the building grant does not exceed Rs. 500, and the building is, in the opinion of the Inspector, of such a description that it is not worth while requiring the execution of a trust-deed, the Board shall accept from the managers a written agreement on stamped paper engaging to maintain the building in proper repair for ten years.

48. Loans may also be made to managers of schools for the erection of school buildings. The amount of such loans shall generally be limited to the amount of any grant claimable under rules 28 and 29. The building shall be mortgaged to the Board as a guarantee for the repayment of the loan, and a term shall be fixed within which the loan is to be repaid. Interest at a rate not exceeding 4 per cent. may, if necessary, be charged.

SECTION IV.—(C) *Primary schools under private management receiving stipends or earning rewards from a Board.*

49. The Board shall not interfere in the local management of primary schools not directly managed and maintained by it.

50. Primary schools receiving aid from a Board may receive it in the form of fixed stipends or of payment by results. It shall be the general policy of the Board to replace the system of fixed stipends by that of payment-by-results, except in backward parts of the district, and in schools for aborigines or low-castes, girls' schools, and night schools for adults. No addition shall be made to the list of stipendiary schools without the sanction of the Director of Public Instruction.

51. The Board shall, in consultation with the Inspector, determine the rates of stipends payable to teachers of stipendiary schools, in accordance with rules prescribed from time to time by the Director of Public Instruction.

52. The Board shall be liable for the payment of the stipends of such stipendiary teachers of primary school as are sent under its orders for instruction in training schools.

53. The Board shall grant rewards to teachers and pupils of other primary schools within the district on the result of periodical examinations, and in accordance with rules prescribed or approved from time to time by the Director of Public Instruction:

Provided—

- (1) that no rewards shall be given under the rules in this Section to teachers of schools directly managed by a Board, or of those schools receiving grants-in-aid under Section III;
- (2) that rewards to pupils, other than girls, shall not be given in money, but only in books, maps, or other articles that may be useful to them in prosecuting their studies. Books given as rewards shall be chosen from a list approved by the Director of Public Instruction.

54. Arrangements for such examinations, including the appointment of examiners where necessary, shall be made by the Board in consultation with the Deputy Inspector.

55. All payments and rewards to teachers and pupils, to be granted on the result of such examinations, shall be sanctioned by the Board on the report of the Sub-Inspector, confirmed by the Deputy Inspector.

56. Primary schools shall be regularly inspected *in situ*.

SECTION V.—(D). *Other schools.*

57. The Lieutenant-Governor may, with the consent of the District Board, transfer to its control any schools or class of schools under public management other than those specified in Section II.

58. The District Board may, with the sanction of the Lieutenant-Governor to be obtained through the Director of Public Instruction, establish schools of technical instruction to be maintained from the District Fund.

59. With regard to the schools referred to in the two preceding rules, the Board shall have the powers specified in Section II.

SECTION VI.—*Local Boards.*

60. Whenever a District Board shall, with the sanction of the Lieutenant-Governor under section 101 of the Act, transfer the management, control, or supervision of any school or schools to a Local Board, the provisions contained in the foregoing rules shall be generally applicable to such Local Board; provided that the District Board shall, in all cases, have a general power of supervision and control over such Local Board.

SECTION VII.—*Union Committees.*

61. As regards primary education, the powers conferred on District and Local Boards by the foregoing rules shall be subject to the powers entrusted to Union Committees by section 112 of the Act.

62. In their dealings with primary schools, Union Committees shall be guided by the same general rules as are laid down for the guidance of District and Local Boards.

63. Every primary school under public management, with the maintenance and management of which a Union Committee shall be charged under section 112* of the Act, shall be called a Union school.

* Section 112 of the Bengal Local Self-Government Act:—

“Subject to any rules made by the Lieutenant-Governor under this Act, every Union Committee shall be charged with, and be responsible for, the maintenance and management of all primary schools within the Union, the appointment of the gurus of such schools, and the transmission to such gurus of any rewards that may be granted by the District Board or Local Boards.”

64. Subject to the general control of the Department, every Union Committee shall have the power within the Union—

- (1) of determining the places at which Union schools shall be opened;
- (2) of transferring or closing existing Union schools;
- (3) of fixing the class and standard of instruction of every such school: the selection to be made from classes recognised by the Department;
- (3) of fixing (subject to section 36 of the Act) the salary of the guru of every such school, and of removing or transferring him within the Union;
- (5) of fixing the rate of monthly, admission, or re-admission fees payable by the pupils of every such school.

65. Every Union school shall be liable to inspection and examination by the officers named in rule 4.

66. Nothing in these rules shall preclude the establishment and maintenance of primary schools within the Union by private persons or associations; and the teachers of all such schools may, with the sanction of the Union Committee, present their pupils at all examinations for rewards and grants payable by the District or Local Board to the teachers and pupils of primary schools. It shall be the duty of the Union Committee to direct the teachers of such schools to attend with their pupils at any other examinations and gatherings that may be from time to time ordered by the District or Local Board or by the Deputy Inspector.

SECTION VIII.—Finance.

67. The educational budget estimates of the District Board shall be prepared, in Form E appended to these rules, by the Deputy Inspector in consultation with the Inspector. The Deputy Inspector shall submit them to the Board on or before the 1st September in the year immediately preceding that for which they are framed. The budget estimates, as approved by the Board, shall be forwarded by the Board in triplicate to the Magistrate on or before the 15th September, who shall forward one copy to the Director of Public Instruction. The Director of Public Instruction shall forward his remarks on the estimates to the Commissioner on or before the 15th October. A copy of the estimates as finally sanctioned shall be forwarded by the Commissioner to the Director of Public Instruction and by the Board to the Inspector.

68. The procedure laid down in the last preceding rule shall be observed in every case when the budget estimate is amended or revised at any time by the Board under section 49 of the Act.

69. No transfer of funds shall be made from the major head 'Education' to any other head, or from one minor head subordinate to Education to another without the sanction of the Commissioner, who shall give notice of any such transfer to the Director of Public Instruction.

70. The unspent balance of the allotment made in any year for educational purposes shall not be subsequently transferred to any purpose other than education without the consent of the Commissioner.

SECTION IX.—Examinations and Scholarships.

71. *The Lower Primary Scholarship Examination shall be conducted in the books and subjects prescribed from time to time by the Department, and, unless otherwise ordered by the Department, in the same question papers for all the Scheduled Districts of one Division. The papers shall be set by Deputy Inspectors or other officers selected by the Inspector, who shall forward printed copies in sufficient numbers to the several District Boards, for distribution to the Local Centres of examination in each district. The answers shall be examined by Examiners appointed for each District by the District Board. The supervision of the Examination at the different Local Centres shall be conducted by persons appointed for the purpose at each centre of the District Board. These supervising officers will also conduct the vivâ voce examination of the candidates at their respective centres. They will forward the answer papers, as may be directed, to the several examiners, and will send the results of the vivâ voce examination to the District Board. The examiners for the written examination will also forward the results to the Board. Finally the results of the examination shall be tabulated and declared by the Board. The cost of the examination shall be charged to the District Board, but the District Board will be at liberty to levy a moderate fee for admission to the examination.*

72. The District Board shall admit to the lower primary scholarship examination pupils of all primary schools in the district situated in areas whether within or outside its control, and all such pupils shall be equally eligible for scholarships: provided that a candidate who has once passed the examination shall not be admitted to it a second time. *No candidate shall be admitted to the Upper Primary Examination unless he has previously passed the Lower Primary Examination.* Pupils of the lower classes of middle schools may also, at the discretion of the Board, be admitted to the examination, but shall not be eligible for scholarships.

73. All lower primary scholarships shall be awarded by the District Board in consultation with the Deputy Inspector. No candidate who has completed the age of 11 years shall be eligible for a scholarship, and not more than one scholarship shall be awarded to the same school in any one year. In the award of scholarships attention should be paid to the

encouragement of schools in backward parts of the district. Should a difference of opinion arise between the Board and the Deputy Inspector regarding the award of scholarships, the Inspector may, if he thinks fit, report the matter to the Commissioner for decision.

74. In awarding the lower primary scholarships under the preceding rules, the Board shall be guided by the rules in force in the Department, or sanctioned from time to time by the Government.

75. The upper primary and middle scholarship examinations shall be conducted by the Inspector, and the scholarships shall be awarded by him. The Boards' Sub-Inspectors shall assist the officers of the Department in conducting the examinations. The cost of the examinations shall be borne by the Department.

76. It shall be competent to a District Board, before the award of upper primary and middle scholarships, to make representations to the Inspector in favour of particular schools or tracts which it may deem deserving of special encouragement on account of their less advanced state, or for other reasons, and the Inspector shall take such representations into consideration.

77. The Board shall be furnished annually by the Inspector with an abstract of the results of the upper primary and middle scholarship examinations regarding the schools with which the Board is concerned.

SECTION XI.—*Sub-Inspectors.*

78. Sub-Inspectors shall be appointed by the Board in accordance with the rules from time to time sanctioned by the Government, the appointment being notified to the Inspector in each case. Leave may be granted to Sub-Inspectors by the Board in accordance with the rules made by it under section 34 of the Act, the fact being at the same time communicated to the Inspector. The Board shall be competent to make its own arrangements for allowances to acting officers.

79. The Board shall notify to the Inspector all appointments of Sub-Inspectors, whether permanent or temporary.

80. Sub-Inspectors shall be allowed travelling charges not exceeding those admissible under the rules of the Civil Service Regulations.

81. Sub-Inspectors shall submit their diaries to the Deputy Inspector, who shall forward them with his remarks to the Board. They shall also forward to the Deputy Inspector, before leaving head-quarters, the programme of each tour they intend to make, any subsequent change in it being promptly communicated to the Deputy Inspector.

82. Sub-Inspectors shall submit all applications for leave, including casual leave, to the District Board through the Deputy Inspector. In cases of urgency when the Deputy Inspector is absent from head-quarters, the application may be submitted directly to the Board.

83. The salary and travelling bills of Sub-Inspectors shall be submitted through the Deputy Inspector to the Board, with whom shall rest the power of passing them. The Deputy Inspector shall scrutinise the bills and submit his remarks thereon for the consideration of the Board.

84. The Board shall be competent to transfer a Sub-Inspector from one part of the district to another.

85. The Director of Public Instruction shall be competent to transfer from one district to another Sub-Inspectors whose services have been or may be transferred from the Department to a District Board. In such cases the transit pay and travelling allowances of each Sub-Inspector shall be paid by the Board of the district to which he is transferred.

86. Sub-Inspectors, whose services have been or may be transferred from the Department to a District Board, will be eligible for promotion in the graded list of the Department. The promotions of such transferred officers from class to class will be made by the Director of Public Instruction.

87. Sub-Inspectors, who at the time of their transfer to District Boards were or may be rendering qualifying service under the Civil Service Regulations, will continue to render qualifying service after their transfer.

88. The Board shall, in consultation with the Deputy Inspector, fix the scale of payments to be made to chief gurus and inspecting pandits employed to inspect primary schools within the district. Should a difference of opinion arise between the Board and the Deputy Inspector regarding the scale of payments, the Inspector may, if he thinks fit, refer the matter to the Commissioner for decision. The appointment, punishment, transfer, or removal of chief gurus and inspecting pandits shall rest with the Board.

89. The primary duties of Sub-Inspectors shall be to inspect schools; and no other duties shall be laid upon them by the Board without the sanction of Government. Application for such sanction shall be forwarded to the Director of Public Instruction through the Inspector.

SECTION XI.—*Miscellaneous.*

90. The Board shall forward copies of all its educational proceedings to the Inspector, who shall be competent to make observations thereon for the consideration of the Board.

91. A quarterly statement of all payments made for educational purposes within the district, on the authority of the Board, shall be forwarded by the Board to the Inspector, in form F appended to these rules.

92. The Deputy Inspector shall forward to the Board for its information a copy of so much of the quarterly return of his inspection of schools as has reference to schools over which the Board has any control.

93. At the close of every financial year, on such date as may be prescribed by the Department, the Board shall furnish to the Deputy Inspector such educational returns as may from time to time be required by the Department. Any assistance that the Inspector or the Deputy Inspector may require in compiling the returns shall be furnished by the Sub-Inspectors under the Board. The Board shall also submit to the Magistrate, within the time prescribed by the Department, a report of its educational operations. It shall contain such particulars as may from time to time be required by the Department. The Magistrate shall, on or before the 1st May, forward the Board's report to the Inspector, who shall submit it to the Director of Public Instruction with his remarks, together with his own report on education in the circle under his charge.

94. Should a difference of opinion arise between the Board and the Inspector in cases not provided for in these rules, on any question connected with schools and officers under the Board, the question shall be referred either by the Inspector or by the Board, through the Magistrate, to the Commissioner. The Commissioner's orders on such reference shall be final as between the Inspector and the Board, unless a question of principle be involved, in which case, if the Inspector be dissatisfied with the Commissioner's orders, he may refer the matter to Government through the Director of Public Instruction.

95. Correspondence between a District Board and the Director of Public Instruction shall pass through the Inspector except in cases otherwise provided for. In matters of exceptional importance, or where more than one district is concerned, such correspondence shall be carried on through the Commissioner.

MUNICIPAL AND LOCAL.

NOTIFICATION.

No. 613T.-M.—*The 27th September 1895.*—It is hereby notified for general information that, in accordance with the recommendation of the Commissioners of the Gaya Municipality, made at a meeting, and in exercise of the power conferred on him by section 9 of the Bengal Municipal Act III of 1884, as amended by Act IV of 1894, the Lieutenant-Governor intends to include within the limits of the aforesaid Municipality the whole bed of the river Phalgu from bank to bank, stretching from Bahadurgirsmath on the north to the southern boundary of Ghugritand on the south, unless good reasons are shown to the contrary within six weeks from the date of the publication of this notification within the Municipality.

H. H. RISLEY,

Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 636T.M.—*The 3rd October 1895.*—It is hereby notified for general information that the Lieutenant-Governor has been pleased to make the following rules for the preparation, submittal, and execution of projects for water-supply or drainage by local authorities under section 69, sub-sections (2) and (4) of the Bengal Municipal Act, 1884, and section 138, sub-sections (e) and (m) of the Bengal Local Self-Government Act, 1885:—

1. When a local authority desire to undertake a project for water-supply or drainage, they should, in the first place, take measures to draw up a sketch of the project, showing how it is to be carried out and what will be, roughly speaking, the approximate cost.

2. As regards the preliminary surveys required for the preparation of any project of water-supply or drainage, the local authority must either employ their own permanent officials or apply to the Sanitary Engineer to procure for them competent persons specially for the work. The Sanitary Engineer cannot himself ordinarily perform the work of making rough surveys, but he will act as the adviser of the local authority, and will, as far as practicable, engage surveyors for them if they desire it, and will, if instruments are available, lend them to local authorities on payment of the prescribed fee. If any maps of surveys are prepared in the Sanitary Board's office, a fee will be charged, fixed so as to cover, on an average, the actual expenses incurred.

3. When a sketch project has been drawn up, an application must be addressed to the Municipal Department of Government, accompanied by a statement of the approximate cost, and the funds available for meeting it, either from current revenue or by way of loan.

4. The proposal will be considered by the Municipal Department, and administrative sanction will be given if the Government is satisfied—

First, that the work projected is really required, and that the advantage to health which it is expected to ensure is commensurate with the probable cost.

Second, that the scheme is financially sound, *i.e.*, that the local authority can meet the cost from revenue or can arrange to repay the loan within thirty years at the prescribed rate of interest.

Third, that it is sound from an engineering point of view, *i.e.*, that the work can be done effectually in the manner and for the cost proposed.

5. The Sanitary Board will be consulted (if any doubt exists) on the first and third points before approval is given; and if the rough or approximate estimate has not been furnished by the Sanitary Engineer, it will be checked by that officer.

6. When administrative sanction has been given, and in no case before, the local authority may arrange for the preparation of detailed plans and estimates, and in doing this may follow one or other of the following courses:—

- (a) the plans and estimates may be prepared by their own officers;
- (b) application may be made to the Sanitary Engineer for assistance in the selection of competent surveyors to carry out the work;
- (c) application may be made to the Sanitary Board for the services of the Sanitary Engineer;
- (d) application may be made to the officers of the Public Works Department employed in the district or Division for assistance and advice;
- (e) with the previous sanction of the Sanitary Board, the work may be entrusted to a private firm of established reputation.

In cases (a), (b) and (e) the Sanitary Engineer or other officer appointed for the purpose may, with sanction of the Sanitary Board, be required to examine and criticise the plans and estimates while in course of preparation.

In case (c), if funds are available, the Sanitary Engineer, with the sanction of the Sanitary Board, may be required to draw up the detailed plans and estimates of the schemes.

7. When the plans and estimates have been completed, they will be forwarded to the Sanitary Board with a full report on the financial aspects of the scheme, and the state of public feeling in regard to it, and, if a loan is needed, with an application in the prescribed form. The Sanitary Board will then submit the plans, report and application to the Municipal Department with an expression of their opinion on the merits of the scheme as finally drawn up.

8. In the case of works estimated to cost Rs. 10,000 or more, the sanction of Government will be contingent on adequate provision being made for detailed engineering supervision. In the absence of special sanction to the contrary, the local authority must agree to such one of the following conditions as may be considered suitable in each case:—

- (a) that the works shall be carried out by the Public Works Department if that Department can undertake them. In such cases an extra charge of 15 per cent. on the sanctioned estimate will be made for supervision, unless the case is one of extraordinary difficulty, in which case a higher charge may be imposed by the orders of Government; or
- (b) that arrangements shall be made with the District Board for the work to be carried out by the District Engineer and his staff; or
- (c) that the works shall be carried out under the supervision of an Engineer specially employed for the purpose, who must hold a certificate of qualification as a District Engineer according to the rules under the Bengal Local Self-Government Act III (B.C.) of 1885.
- (d) that the works shall be carried out by a private engineering firm of established reputation subject to the conditions—
 - (1) that no contract shall be entered into by the local authority without the previous sanction of the Sanitary Board; and
 - (2) that the works while in progress shall be periodically inspected by the Sanitary Engineer, or other officer appointed for the purpose.

9. In the case of works costing less than Rs. 10,000, the local authority should report, for the information of the Commissioner of the Division, the agency by which they propose to have the works carried out, and should follow the instructions issued by him in the matter.

H. H. RISLEY,
Secy. to the Govt. of Bengal.
